Spring, and many changes, have sprung!
A new season arrives with many district changes.

At the end of 2016 the Newaygo Conservation District experienced large staff changes, including the retirement of the past Executive Director, Gail Warnament. Luke Cotton, who also works as the Muskegon and Newaygo Districts’ MAEAP Technician, took over and facilitated the hiring of two more district staff. With the change in employees the District is also seeing some changes. One you may have noticed is an increase in online presence with a brand-new website and an updated Facebook page. We’re also starting up monthly to bi-monthly newsletters based on how busy we are. We are excited to also become more involved in the community through various events.

Upcoming Events

June 9
1pm – 6pm
Native Plant Workshop and Sale

Join us in learning about using native plants in your landscaping! The FREE 2-hour workshop is followed by a sale of plants native to Michigan. Pre-order your plants now!

Location: Kropscott Farm, 6523 West Baseline Rd, Fremont MI

Check out newaygocd.org for more details!
67th Annual Meeting
Newaygo Conservation District hosted this year’s annual meeting up at the Kropscott Farm and Environmental Center. Guests brave the snow to enjoy a taco bar, drone flight demonstration, and a tour of the Stephen F. Wessling Observatory. Votes were also cast to re-elect two board members and elect a new board member, Dan Shue. We are very grateful for the continued support of our board members and the community and hope to reach out to more people in the future.

2017 Family Services Expo
On March 25th NCD attended the Family Expo at the Newaygo Middle School. We had a great time sharing information about the district and painting children’s faces. Over 700 people attended the expo and we gave away almost 300 trees! If you missed us at the expo be sure to check out our website for more information on what we do.

Newaygo Conservation District is an independent unit of state government which has a philosophy and commitment to the stewardship and conservation of the environment. The NCD consults with landowners to educate them in the planning and use of their land. The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual’s income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA’s TARGET Center at (202) 720-2600 (voice and TDD).
